PROTEST SCOPE

4. List all election contests subject to your protest and calculate the margin of votes separating the apparent winner from the runner-up as of the date of filing. Your response does not waive your right to contest the validity of the current vote count. If your protest concerns all contests on the ballot, you must include the vote margin for each contest.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

Paul Cox

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

Mailing Address: PO Box 99780 Raleigh, NC 27624

NOTE: You will be deemed to consent to service at all of the above addresses (including email), unless you attach an addendum indicating otherwise.

2. Are you represented by counsel? ☒ Yes ☐ No

NOTE: If you answered Yes, above, your counsel must complete and you must attach the Counsel Certification Addendum.

☐ Registered voter eligible to participate in the protested election contest
☐ Neither of the above*

**If you select this option, you are not eligible to file a protest.*

PROTEST SCOPE

4. List all election contests subject to your protest and calculate the margin of votes separating the apparent winner from the runner-up as of the date of filing. Your response does not waive your right to contest the validity of the current vote count. If your protest concerns all contests on the ballot, you must include the vote margin for each contest.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Please follow the guidance below for any UOCAVA Requests for new registrants. If you have any questions, please feel free to reach out.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

Name: Jefferson Griffin County of Residence: Carteret
Email: jefferson@jeffersongriffin.com Phone: contact counsel
Mailing Address: PO Box 99780 Raleigh, NC 27624

NOTE: You will be deemed to consent to service at all of the above addresses (including email), unless you attach an addendum indicating otherwise.

2. Are you represented by counsel? ☒ Yes ☐ No

NOTE: If you answered Yes, above, your counsel must complete and you must attach the Counsel Certification Addendum.

3. Mark all that describe you:

- ☒ Candidate for the office of Seat 6 of the Supreme Court of North Carolina
☐ Registered voter eligible to participate in the protested election contest
☐ Neither of the above*
**If you select this option, you are not eligible to file a protest.*

PROTEST SCOPE

4. List all election contests subject to your protest and calculate the margin of votes separating the apparent winner from the runner-up as of the date of filing. Your response does not waive your right to contest the validity of the current vote count. If your protest concerns all contests on the ballot, you must include the vote margin for each contest.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Please follow the guidance below for any UOCAVA Requests for new registrants. If you have any questions, please feel free to reach out.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

Best regards,

Paul Cox
General Counsel

AFFIDAVIT OF RYAN BONIFAY

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

**If you select this option, you are not eligible to file a protest.*

PROTEST SCOPE

4. List all election contests subject to your protest and calculate the margin of votes separating the apparent winner from the runner-up as of the date of filing. Your response does not waive your right to contest the validity of the current vote count. If your protest concerns all contests on the ballot, you must include the vote margin for each contest.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

AFFIDAVIT OF RYAN BONIFAY)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

- ☒ Candidate for the office of Seat 6 of the Supreme Court of North Carolina
☐ Registered voter eligible to participate in the protested election contest
☐ Neither of the above*
**If you select this option, you are not eligible to file a protest.*

PROTEST SCOPE

4. List all election contests subject to your protest and calculate the margin of votes separating the apparent winner from the runner-up as of the date of filing. Your response does not waive your right to contest the validity of the current vote count. If your protest concerns all contests on the ballot, you must include the vote margin for each contest.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by overseas voters without requiring the voter's to provide a copy of their photo identification. EXHIBIT A is an email from Karen Brinson Bell, Executive Director of the State Board of Elections, in which she states: "When a military or overseas citizen voter submits their ballot, neither federal nor state law requires them to provide ID when returning their ballot."

Article 20 of Chapter 163 of the General Statutes requires absentee ballots to include a photocopy of the voter's photo identification or an affidavit establishing an exception to the photo-identification requirement. N.C. Gen. Stat. § 163-230.1(f1). Absentee ballots under Chapter 163 include traditional mail-in absentee ballots under Article 20 and military-overseas ballots under Article 21A. *See, e.g.*, N.C. Gen. Stat. § 163-132.5G(a1)(4). Moreover, N.C. Gen. Stat. § 163-239 states that the provisions of Article 21A (concerning overseas-military ballots) "shall not apply to or modify" the absentee ballot provisions unless "provided therein." N.C. Gen. Stat. § 163-239.

Upon information and belief, the county has accepted, processed, and counted absentee ballots by overseas voters who did not provide a copy of photo identification (or an exception form). A board director and/or board member for the county confirmed to NCGOP legal counsel that this was the practice of the board. These actions violate North Carolina law. Before filing this protest, we submitted a public records request to the county board of elections seeking the information necessary to identify such voters. At the time of the protest, the request remains pending. Once the information is provided, we will supplement the protest.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Subject: Your recent letter

Ms. Rebuck, (bcc: State Board Members and county election directors)

We write to express concern about a letter that you wrote that was forwarded to us by the elections director in another county, who received it from a state legislator asking her to respond. Your letter has been forwarded to a wide audience, and unfortunately, it contains false and misleading statements, and partisan remarks.

We are forwarding your letter and our response to the five members of the State Board of Elections and to all county directors so they can respond as necessary if they receive inquiries. This has required State Board staff to spend our limited resources drafting this letter and researching and providing the facts.

We are always available to county board members with questions or concerns about election administration, and we hope that in the future you will reach out to us should you need clarification to avoid the potential spread of false or misleading information, which undermines our common goals of administering elections according to the law and promoting confidence in our elections.

Please see our responses in red to your italicized statements below. We are happy to answer any questions you have about them.

"I am a member of the Henderson County Board of Elections and have served on the Board for over 6 years. I am frankly very discouraged about the upcoming election. I want to strongly state my belief that if you do not intervene immediately either legislatively or legally, we are going to lose NC to the Dems in November which will likely mean we lose the country. The responsibility will be yours, one way or the other."

Given the partisan statements in the above, we remind you of the requirements of [Article 4A of Chapter 163](#) of the North Carolina General Statutes. Whether or not the statements violate these provisions, it undermines the public's confidence in the fair administration of elections if their elections officials are widely communicating their desire for a particular outcome in an election they oversee.

"I am aware that Henderson County has recently received hundreds of new UNOCAVA (Overseas Civilian) applications." There is NO requirement to verify these people AND they do NOT have to provide ID when sending back their vote (by mail or email)."

UOCAVA, which stands for Uniformed and Overseas Citizens Absentee Voting Act, is a federal law prescribing specific procedures for military and overseas citizens to be allowed to vote in federal elections. Our state has adopted laws under Article 21A of Chapter 163 to carry out these procedures. When military and overseas citizens register to vote under these procedures, they typically provide either their Social Security Number or driver's license on the prescribed [federal form](#). When county officials input those values into the statewide database, the statewide database

automatically attempts to validate those numbers with the DMV and Social Security Administration. For civilian voters, if a number does not validate, state law requires the voter to provide an alternative form of ID before they vote for the first time. UOCAVA voters are expressly exempt from this requirement by state statute and have been for nearly 20 years. GS 163-166.12(f)(3).

When a military or overseas citizen voter submits their ballot, neither federal nor state law requires them to provide ID when returning their ballot.

"I believe this is a concerted effort to turn Henderson County blue. However, I believe that if you check with other counties, you will see that the numbers have grown substantially in every county. I have heard numbers as high as 300,000 statewide so far. I believe that there is a statewide effort under way to undermine the election."

Again, we caution you about statements favoring or opposing particular outcomes in the elections you oversee.

We spoke with the Henderson County director, and she confirmed on August 23 that Henderson had received fewer than 150 UOCAVA requests. In 2020, according to State Board data, Henderson County received 347 requests for absentee ballots from military and Henderson County voters living abroad at the time. So, the number of requests is not necessarily high in 2024 as you suggest. Ballots go out in two weeks.

It is also possible that advocacy groups and others are encouraging military and overseas voters who are U.S. citizens to request their ballots. There is nothing wrong with that and, in fact, that is activity protected by the First Amendment of the U.S. Constitution.

Until ballot styles are finalized, we do not know how many UOCAVA requests have come in statewide. However, the State Board has no evidence of a "statewide effort underway to undermine the election." If you have actual evidence of such, please provide it to the State Board or to the law enforcement agency of your choice. Otherwise, your statements are sensationalistic and inflammatory and will undermine voter confidence with no facts to back them up.

"Additionally, Henderson County has received numerous new voter applications that do not have HAVA required information to register (missing Driver's License and/or last 4 of SS or those numbers were not validated). The State BOE has instructed Counties to go ahead a register them without verification."

This is false. The State Board, both in emails and in a statewide Huddle training session, have instructed county boards as follows:

- If a new voter does not provide their driver's license number or last four digits of their Social Security number and does not check the box to indicate that they do not have either of these numbers, then the voter will not be registered and will be sent an incomplete letter seeking the missing information.
- If an applicant provides a driver's license number or last four of their Social Security number but that number does not validate, then their registration should be processed but they must be sent a "request for identification letter." If the voter subsequently provides the ID information, their

profile is updated. If they do not, they must provide an alternative ID proving their identity (so-called "HAVA ID") before voting, or vote provisionally. See GS 163-166.12(c). See the [Request for Identification Information letter](#).

- If a new voter checks the box to indicate they do not have either identification number, then they will be sent a "request for identification" letter and be required to show a HAVA ID before they vote.

"There have been over 10,000 voters registered state-wide in the last 3 months with unverified or no Dr License or last 4 of SS numbers and therefore HAVE NOT BEEN VERIFIED. So even though the information provided does not match (validated) the application is automatically approved. This is just common sense-the identity of the voter should be verified before entering them on the voter rolls. This is an open invitation for missing or unvalidated applications to be approved and entered into the system."

See the note above about the additional verification requirement for voters whose ID numbers fail to validate.

Here's some additional important context. When a number does not match, SEIMS will not populate that field, so if we run a query in the database to see which registrations lack these identifiers, the query shows registrations where an identifier was provided but the number did not validate. To attempt to validate DLs or last-four SSNs, the SEIMS system sends a database query to DMV databases and the Social Security Administration databases, asking those databases to attempt to match specific information in records on both sides. It is not uncommon for a person's ID to fail validation. There are a number of benign reasons this can occur, and occur regularly, which has been well [documented](#). The DMV/SSA requires exact field matching on name, DOB, DL/SSN so there is no current way to identify possible matches. Common reasons for validation failure are: misspelling of names, variation of names (Bob vs. Robert, maiden name vs. married name, varied designation of surnames for minority ethnicities, etc.), nickname or a missing suffix missing (Jr. or Sr.), inadvertent typos like missed numbers or transposed numbers in DL or last-four SSN, typos in birthdates, and situations where a registrant listed month/day/year in the wrong order on their registration form (there could be [national origin-based reasons](#) for this). Recognizing the faults in matching between distinct databases, the General Assembly enacted the provisions in GS 163-166.12(c) which allow a registrant whose DL or SSN did not match to provide HAVA ID either before or when first voting.

"Another concern is preventing non-citizens from voting. Putting the matter on the ballot in November is too little, too late. The legislature passed SB 747 requiring clerks of superior court to provide lists of people who have been excused from jury duty indicating that they are not US citizens. However, according to the SBOE this will not take place until after the November election."

This is false. The superior court clerks are (and have) provided such lists, and State Board staff is reviewing those and contacting any registered voters who are identified and for whom a state and federal database check does not show they have obtained citizenship. After nearly every county clerk submitted any records of jurors excused for non-citizenship, there were 9 registrants total identified through these checks statewide. While it is true that federal law (NVRA) prevents us from outright removing these records this close to a federal election, we are nonetheless going to

encourage any of these identified registrants to cancel their registration if they indeed lack citizenship. After the federal election, we can resume this program and conduct removals similar to how we process felon removals, rather than the notices and invitation to cancel registration which is as much as we can do and still comply with federal law.

“You have allowed the SBOE to drag its feet (I believe on purpose) on all of these matters. This must be rectified if you want to win in November. I am not asking for anything that would be unfair to anyone, I just want the laws enforced to make it fair for everyone. Frankly, the county BOEs are nothing more than a rubber stamp and we have to sit there and vote to certify without any real ability to legally object. Again, the success or failure of this election in November is on you. I implore you to either fix this legislatively or in Court.

Best wishes in November, you will need it!”

Again, we remind you of the prohibitions in the law on political activity by county board members.

We again invite you to contact us in the future to clear up your misunderstandings about election processes and the law.

Regards,

Karen Brinson Bell, CERA, PMP

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

6. Provide all factual allegations in support of your protest. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Please follow the guidance below for any UOCAVA Requests for new registrants. If you have any questions, please feel free to reach out.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

N.C. Const. art. VI § 2; N.C. Const. art. I § 10; N.C. Const. art. I, § 19; N.C. Gen. Stat. § 163-258.2

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

**If you select this option, you are not eligible to file a protest.*

PROTEST SCOPE

4. List all election contests subject to your protest and calculate the margin of votes separating the apparent winner from the runner-up as of the date of filing. Your response does not waive your right to contest the validity of the current vote count. If your protest concerns all contests on the ballot, you must include the vote margin for each contest.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

AFFIDAVIT OF RYAN BONIFAY)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Please follow the guidance below for any UOCAVA Requests for new registrants. If you have any questions, please feel free to reach out.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

NOTE: You will be deemed to consent to service at all of the above addresses (including email), unless you attach an addendum indicating otherwise.

**If you select this option, you are not eligible to file a protest.*

PROTEST SCOPE

4. List all election contests subject to your protest and calculate the margin of votes separating the apparent winner from the runner-up as of the date of filing. Your response does not waive your right to contest the validity of the current vote count. If your protest concerns all contests on the ballot, you must include the vote margin for each contest.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

Subject: RE: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Please follow the guidance below for any UOCAVA Requests for new registrants. If you have any questions, please feel free to reach out.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

Best regards,

Paul Cox

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

Your response does not waive your right to contest the validity of the current vote count. If your protest concerns all contests on the ballot, you must include the vote margin for each contest.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

Paul Cox

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

4. List all election contests subject to your protest and calculate the margin of votes separating the apparent winner from the runner-up as of the date of filing. Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Please follow the guidance below for any UOCAVA Requests for new registrants. If you have any questions, please feel free to reach out.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

Paul Cox

COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

- b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

Your response does not waive your right to contest the validity of the current vote count. If your protest concerns all contests on the ballot, you must include the vote margin for each contest.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

Mailing Address: PO Box 99780 Raleigh, NC 27624

NOTE: You will be deemed to consent to service at all of the above addresses (including email), unless you attach an addendum indicating otherwise.

2. Are you represented by counsel? ☒ Yes ☐ No

NOTE: If you answered Yes, above, your counsel must complete and you must attach the Counsel Certification Addendum.

☐ Neither of the above*

**If you select this option, you are not eligible to file a protest.*

PROTEST SCOPE

4. List all election contests subject to your protest and calculate the margin of votes separating the apparent winner from the runner-up as of the date of filing. Your response does not waive your right to contest the validity of the current vote count. If your protest concerns all contests on the ballot, you must include the vote margin for each contest.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

AFFIDAVIT OF RYAN BONIFAY

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

PROTEST SCOPE

4. List all election contests subject to your protest and calculate the margin of votes separating the apparent winner from the runner-up as of the date of filing. Your response does not waive your right to contest the validity of the current vote count. If your protest concerns all contests on the ballot, you must include the vote margin for each contest.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

AFFIDAVIT OF RYAN BONIFAY)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

Your response does not waive your right to contest the validity of the current vote count. If your protest concerns all contests on the ballot, you must include the vote margin for each contest.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Please follow the guidance below for any UOCAVA Requests for new registrants. If you have any questions, please feel free to reach out.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

PROTEST SCOPE

4. List all election contests subject to your protest and calculate the margin of votes separating the apparent winner from the runner-up as of the date of filing. Your response does not waive your right to contest the validity of the current vote count. If your protest concerns all contests on the ballot, you must include the vote margin for each contest.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

Paul Cox

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

**If you select this option, you are not eligible to file a protest.*

PROTEST SCOPE

4. List all election contests subject to your protest and calculate the margin of votes separating the apparent winner from the runner-up as of the date of filing. Your response does not waive your right to contest the validity of the current vote count. If your protest concerns all contests on the ballot, you must include the vote margin for each contest.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

AFFIDAVIT OF RYAN BONIFAY)
)
)
)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

Protested Contest(s)	Current Vote Margin (subtract runner-up totals from apparent winner's totals)
N.C. Supreme Court Associate Justice, Seat 6	625

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

Directors (via BCC):

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Please follow the guidance below for any UOCAVA Requests for new registrants. If you have any questions, please feel free to reach out.

Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

Paul Cox

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

10. What relief do you seek?

- ☒ Correct the vote count

- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

The county board of elections has accepted, processed, and counted votes from certain overseas voters who are not residents of this county. In fact, these voters have never resided in the state of North Carolina.

The North Carolina Constitution requires that only residents of the state may vote in the state's elections. N.C. Const. art. VI § 2(1). A North Carolina statute, however, provides that an overseas person who was born outside of the United States and has never resided in North Carolina can vote in North Carolina so long as the person's parent or legal guardian was an eligible North Carolina voter before leaving the United States. N.C.G.S. § 163-258.2(1)(e). The statute, therefore, allows persons to vote in North Carolina despite not being residents when they voted or registered to vote in North Carolina, which is a violation of the North Carolina Constitution's residency requirement for all voters. Upon information and belief, the county board of elections has not taken any actions to confirm the residency of the overseas voters who cast ballots pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). These registrations and ballots of such overseas voters are readily identifiable through the Federal Post Card Application ("FPCA") and Federal Write-In Absentee Ballot ("FWAB") options stating "I am a U.S. citizen living outside the country, and I have never lived in the United States." In addition, there is no legitimate basis for imposing a residency requirement on some voters but not all voters.

We have identified overseas voters in the county who were allowed to vote in the contested election pursuant to N.C. Gen. Stat. § 163-258.2(1)(e). EXHIBIT A is an affidavit that includes a list created from information provided by the State Board of Elections that identifies such voters. It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list without taking any actions to establish the voter's residency. These actions violate North Carolina law and the state Constitution.

In addition, the State Board's information on self-identified non-residents using the FPCA process is limited to those who used the online portal, and does not include those who submitted a ballot request via mail. We therefore ask that the county board of elections, in furtherance of this protest, review the county's FPCA records to determine if anyone using the FPCA process via mail self-identified as a non-resident and, if so, those individuals should not have been entitled to vote.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

AFFIDAVIT OF RYAN BONIFAY)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican Party as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who cast an absentee ballot from overseas and who self-reported never residing in North Carolina, based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to overseas voters who self-reported never residing in North Carolina, the North Carolina Republican Party made the following public records requests to the North Carolina State Board of Elections on November 9, 2024:

- a. A list of voters who self-identified as having never lived in the United States while submitting a Federal Post Card Application ("FPCA"). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FPCAs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

b. A list of voters who self-identified as having never lived in the United States while submitting a Federal Write-in Absentee Ballot (“FWAB”). If such a list does not exist, the North Carolina Republican Party requested the opportunity to inspect and obtain copies of all FWABs, where the individual marked they have never lived in the United States, that have been submitted since January 1, 2024.

11. In response, on November 13, 2024 the North Carolina Republican Party received from NCSBE a file entitled “FPCA_online_portal_submissions_never_lived_US.csv”.

12. The NCSBE explained in their public records response that this spreadsheet consisted of “data on voters who submitted FPCA requests via our [i.e. NCSBE’s] online portal and who checked the box indicating that they never lived in the United States. The ‘overseasNoUsInd’ is the column that indicates if that checkbox was checked.” The NCSBE also explained that the spreadsheet was limited to overseas voters who submitted a ballot request through NCSBE’s online system. Overseas voters who mailed in a ballot request would have done so to a county board of elections, and are thus not included in the information I compiled.

13. FPCA refers to the federal post card application. My understanding is that the federal post card application is a form promulgated by the United States government, standardized across all states, that acts as both a voter registration application and as a request for an absentee ballot. A true and accurate copy of the FPCA form available on the NCSBE’s website is included as **ATTACHMENT 1**.

14. On the FPCA, voters may self-identify as having never lived in the United States.

15. This file “FPCA_online_portal_submissions_never_lived_US.csv” (the “NCSBE FPCA List”) is a list of individuals who submitted the FPCA in 2024 seeking a North Carolina ballot, and who self-identified as never having lived in the United States.

16. The file "FPCA_online_portal_submissions_never_lived_US.csv" contains a column "BallotSendMethod" that appears to reflect whether a ballot was sent to the individual electronically ("e") or by mail ("m").

17. I verified which of these overseas individuals actually voted by reference to the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

18. I matched self-identified overseas never-resident voters in the NCSBE FPCA List to the list of North Carolina voters who cast a ballot in the November 2024 election in the statewide voter list based on voter registration number and NCID number.

19. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 2.**

20. I am unaware of any records indicating that any of these voters were challenged for being non-residents of North Carolina.

Further, the affiant sayeth not.

This 19 day of November, 2024.

5. This protest alleges (*select at least one*):

- ☐ A defect in the manner by which votes were counted or results tabulated sufficient to cast doubt on the apparent results of the election.
☒ A violation of election law, irregularity, or misconduct sufficient to cast doubt on the apparent results of the election.

FACTUAL BASIS & LEGAL ARGUMENT

6. Provide all factual allegations in support of your protest. If any fact you allege is outside the scope of your personal knowledge, you may attach affidavits from those who have personal knowledge of that fact. All facts you allege in connection with this protest must be true and accurate to the best of your knowledge, and brought in the sincere belief that the facts alleged form a good faith basis to protest the conduct and results of the election.

It appears the county board of elections has counted ballots cast by voters who are not registered in the manner provided by law and who are therefore ineligible to vote.

To be eligible to vote, a person must register in accordance with North Carolina law. N.C. Const. art. VI, § 3; N.C.G.S. § 163-82.1(a). Since January 1, 2004, North Carolina law has required that, in order to be registered to vote, a person must complete a voter registration form and provide “the applicant’s . . . “[d]rivers license number or, if the applicant does not have a drivers license number, the last four digits of the applicant’s social security number.” N.C.G.S. § 183-82.4(a)(11). This information is used to validate the identity of the applicant. N.C.G.S. § 163-82.12(8), (9). If an applicant fails to provide their drivers license number or the last four digits of the applicant’s social security number, the county board must contact the voter to notify them of their omission and provide them an opportunity to complete the registration by 5:00 pm the day before the county canvass. N.C.G.S. § 163-82.4(f). If this omitted information is received by election day (and the board determines that the person is otherwise permitted to vote), then the person shall be permitted to vote; otherwise, the person shall be entitled to cast a provisional ballot that must be disregarded. N.C.G.S. § 163-82.4(f).

We have identified voters in the county who completed voter registration forms since January 1, 2004, and have cast a ballot in the contested election but have never provided their drivers license number or the last four digits of their social security number. EXHIBIT A is an affidavit that includes a list created from publicly available information that identifies such voters.

It appears the county board of elections has accepted, processed, and counted votes from the persons identified on the list. These actions violate North Carolina law and the state Constitution.

EXHIBIT B is an email from Paul Cox, General Counsel of the State Board of Elections, acknowledging that since “the State Board’s decision last December,” “new registrations going forward [are required] to include one of these numbers, unless the registrant affirms that they don’t have either number.” In the email, Mr. Cox also states that the State Board was “going to have our IT department run a list of new FPCA/FWAB registrants since the State Board’s order was released in December 2023, to flag any that may have been processed without one of these numbers[.]” Therefore, the identities of non-compliant registrants should be readily accessible to the State Board.

7. List all individuals, if any, you may call as witnesses to substantiate facts listed in Prompt 6. If there are multiple individuals, summarize the facts of which the individual has personal knowledge.

Ryan Bonifay

8. Cite any statute or case, administrative rule or decisions, and election policy or procedure that supports your claim set out under Prompt 5.

North Carolina Constitution Article VI § 3; North Carolina Constitution Article I § 10; N.C. Gen. Stat. §§ 163-82.3, -82.4, -82.11, -82.12; Numbered Memo 2023-05

RELIEF

9. What effect do you believe the facts alleged in response to Prompt 6, if proven, will have on the electoral outcome in the protested contest(s)? Your response should account for the current vote margin calculated in response to Prompt 4.

- ☐ The electoral outcome of the protested contest(s) will change.
- ☐ The electoral outcome of the protested contest(s) will not change.
- ☒ I am uncertain whether the outcome of the contest(s) will change. **(Due to other pending protests, these votes may be determinative of the outcome.)**
- ☐ Other _____

10. What relief do you seek?

- ☒ Correct the vote count
- ☐ A new election
- ☒ Other: The State Board of Elections should (1) notify all voters who registered by a voter registration form since January 1, 2004, and failed to provide a drivers license or social security number that their voter registration was deficient and, absent correction, their vote cannot be counted; (2) inform such voters that they have a cure period during which the voter can provide the missing information; (3), for all such voters who provide a validated drivers license or social security number during the cure period, count the ballots in the election contest

identified above; (4), for all such voters who fail to provide a validated drivers license or social security number during the cure period, not count the ballot in the election contest identified above; and (5), after the cure period, correct the vote count accordingly in the election contest identified above.

This is a follow up from the previous email by General Counsel Paul Cox. We have notified the impacted counties individually of those FPCA or FWABS processed without an identification number. Subject: PLEASE READ: UOCAVA Requests for new registrants

Directors (via BCC):

I'm writing to clarify the requirement for identification numbers for new registrants who register via FPCA or FWAB. I addressed this briefly in the Huddle chat last Wednesday, but we've gotten some additional questions. So we wanted to be clear about the proper procedures, since UOCAVA ballots start going out Friday.

If a person is registering for the first time using an FPCA or FWAB, the requirement to provide driver's license/DMV number or, if they don't have it, last four of their social security number, applies to these voters—just like for all other new registrants. This requirement in HAVA applies to all new registrants, whether they are civilian or UOCAVA registrants. See [52 USC 21083\(a\)\(5\)\(A\)\(i\)](#).

These new registrants were included in the State Board's decision last December to require new registrations going forward to include one of these numbers, unless the registrant affirms that they don't have either number. We regret if that was not clear.

We are going to have our IT department run a list of **new** FPCA/FWAB registrants since the State Board's order was released in December 2023, to flag any that may have been processed without one of these numbers, and we'll share that data with your office for review and action. The list should not be very long, since most FPCA/FWAB voters come through the portal, and the portal doesn't allow a UOCAVA voter to submit their request without including one of these numbers.

In the meantime, please review your pending FPCAs before ballot transmission on Friday, to ensure that they included one of these numbers. Be sure to include that number when you enter data into VoterScan. If the record doesn't result in a database match, the FPCA (registration and ballot request) must still be processed. Unlike civilian voters, North Carolina law expressly exempts UOCAVA voters from the requirement to provide HAVA ID if the number fails to match across agency databases. See [GS 163-166.12\(f\)\(3\)](#).

If any new FPCA/FWAB registrant did not include DL/DMV number or last four of their SSN as of December 14, 2023, and they do not state in writing that they lack these numbers, you will need to reach out to the registrant to obtain one of these numbers before processing their registration/ballot request. Please email the voter the attached letter requesting this information. If you do not have an email address for the voter, contact the voter by any other means you have available to obtain the information. Should the letter be returned, you will need to scan in the letter as VOTER CHANGE/UPDATE DOCUMENT in the web scanning app. If the voter does not return the request for information the FPCA request will need to be spoiled. Please include in the comments "Spoiled-ID not provided." Spoiling a ballot will need to occur before ballots go out on Friday, for any pending requests that did not include one of the required numbers.

STATE OF NORTH CAROLINA
COUNTY OF WAKE

AFFIDAVIT OF RYAN BONIFAY

)

I, Ryan Bonifay, being duly sworn, depose and say as follows:

Background and Experience

1. I am over 18 years of age and competent to make an affidavit.
2. I have personal knowledge of the matters described herein.
3. I am a citizen of the United States and a resident of Lexington, North Carolina.
4. I am employed as Director of Data and Analytics at Coldspark, a political consulting and strategy firm. I have been so employed since January 2023. Previously, I have been employed by the Republican National Committee as Regional Analytics Director and State Analytics Director for North Carolina, as Data Director for Engage Texas, and as Data Director on U.S. Senate, congressional, and gubernatorial campaigns. Altogether I have approximately 10 years of experience as a data analyst for political campaigns and parties, all of them Republican. I have previously worked on North Carolina elections during the 2016 and 2020 election cycles.
5. I was retained by the North Carolina Republican Party to review and compile publicly-available information from the North Carolina State Board of Elections, either on their website or received through public records requests, in connection with the filing of election protests.

6. In my professional work I have become familiar with public sources of data on voter registration and voter turnout in North Carolina, and with the inputs to and limitations of such sources.

Assignment

7. I was asked to submit this affidavit in support of election protests filed with county boards of elections across North Carolina.

8. I was asked by counsel to generate a list of individuals who satisfied the following criteria: they (1) registered to vote after Jan. 1, 2004, (2) never provided the last four digits of their Social Security Number nor a North Carolina drivers license number to their local board of elections in conjunction with their voter registration, and (3) cast a ballot in the November 2024 general election, all based on publicly available data.

9. In aid of compiling this data, lawyers for the North Carolina Republican Party made numerous requests for information under North Carolina's Public Records law. Once the relevant public agencies produced their responses, I attempted to match the produced records to public voting records to identify voters who may have cast a ballot but were ineligible as of Election Day. The process for doing so is described in more detail below.

10. As to voters who registered and voted without providing a driver's license number or the last 4 digits of their Social Security Number, the North Carolina Republican Party made the following public records request to the North Carolina State Board of Elections on November 12, 2024:

- a. A list of all currently registered voters in Active, Inactive, or Temporary Status that do not contain data in one or more of the following data fields: (1) Driver's License Number; or (2) Last Four Digits of Social Security Number.

11. In response, NCSBE produced a file entitled No_SSN_or_DL_Active_Inactive_and_Temporary_Status.csv. As the filename suggests, it appears to be the NCSBE's list of North Carolina registered voters who did not provide a drivers license number or Social Security Number when registering.

12. I matched voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN to the list of voters who cast a ballot in the November 2024 election based on the statewide voter list, filename ncvoter_Statewide.zip, and absentee voter list, filename absentee_20241105.zip.

13. I matched the list of individuals who never provided a drivers license number or the last four digits of their Social Security Number to the statewide voter list and absentee voter list based on the voter registration number and NCID number.

14. This process resulted in a list of likely matches in this county, which is attached as **ATTACHMENT 1.**

15. Accordingly, Attachment 1 contains a list of people who (1) attempted to vote in the 2024 General Election before November 5, 2024 (via early vote, absentee by mail, etc.), (2) had their vote accepted by their applicable county board of elections, and (3) never provided a North Carolina driver's license number nor the last 4 digits of their Social Security Number to their county board of elections. Attachment 1 contains additional information about each individual which was contained in the information from the NCSBE.

16. Attachment 1 does not include whether the applicable county boards of election challenged each of these voters, as that information has not yet been made available by the NCSBE.

17. Attachment 1 also does not include whether the voters identified by the NCSBE who never provided a drivers license number or the last four digits of their SSN voted on election day, November 5, 2024, as the information on who voted on election day has not yet been released by the NCSBE.

Further, the affiant sayeth not.

This 19 day of November, 2024.
